An act to add Section 22793.2 to the Government Code, ~~relating to public employee health benefits~~, *to add Section 1367.45 to the Health and Safety Code, and to add Section 10145.2 to the Insurance Code, relating to health care coverage.*

LEGISLATIVE COUNSEL'S DIGEST

SB 446, as amended, Vasconcellos. ~~Public employee health benefits~~ *Health care coverage: AIDS vaccine.*

Existing law authorizes the Board of Administration of the Public Employees' Retirement System to contract with carriers for health benefits plans and to approve health benefits plans offered by employee organizations in order to provide health benefits coverage to specified public employees.

This bill would prohibit those contracts and plans from excluding from coverage any approved AIDS vaccine, as specified.

*Existing law provides for the regulation and licensing of health care service plans by the Director of the Department of Managed Health Care and for the regulation of disability insurers by the Insurance*

*Commissioner. Existing law provides that a willful violation of provisions governing health care service plans is a crime.*

*This bill would prohibit health care service plans and disability insurers that provide group coverage for hospital, medical, or surgery expenses from excluding from coverage an approved AIDS vaccine, as specified. Because a willful violation of the bill's requirements with respect to health care service plans would be a crime, this bill would impose a state-mandated local program by creating a new crime.*

*The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.*

*This bill would provide that no reimbursement is required by this act for a specified reason.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: ~~no~~ yes.
